Anno ab Vrbe condita CCCCLXX obscena et dira prodigia vel visa Romae vel nuntiata sunt. Aedes Salutis ictu fulminis dissoluta; pars muri sub eodem loco de caelo, ut dicunt, tacta est. Lupi tres ante lucem ingressi urbem, semesum cadaver intulerunt sparsumque membratim in foro ipsi strepitu hominum exterriti reliquerunt. Apud Formias multis ictibus fulminum moenia undique ambusta et dissoluta sunt.

Sequenti abhinc anno Sempronius consul adversum Picentes duxit exercitum, et cum utraque acies constitisset, repente ita cum horrendo fragore terra tremuit ut stupore miraculi utrumque pavefactum agmen hebesceret. Diu attoniti utrimque populi haesitare praeiudicata incepti conscientia; tandem procurso concito iniere certamen.

Triste adeo id bellum fuit, ut merito dicatur tantum humanum sanguinem susceptura etiam cum gemitu horrisono tunc terra tremuisse.
